

# ★ BUDGET COMMITTEE ★

I have been a Durham resident, living on the Stackpole Road, since February, 1982. I thank you for the privilege of serving our town as I seek my 10th consecutive term as an elected member of Durham's Budget Committee.

For each of the past 27 years (since 1999), I have tried to be a voice for those in Durham who may be dealing with unemployment, lack of steady wages, or living on a fixed income. During my work career, I experienced periods of similar financial challenges. Since then, I have been adapting to life as a senior citizen. I empathize with how unsettling it can feel to be faced with ever-rising property taxes, which is why I insist on convincing justification for any proposed budget increase.

My long-term service to our town has included:

- Current 30-yr member of Durham Fire & Rescue (present status is Driver/Operator and EMT-R)
- Current Secretary of Solid Waste Committee (2 yrs)
- Current member of Board of Appeals (16 yrs)
- Former Chair of Durham Eureka Building Renovation Committee (19-yrs)
- Former Member of Telecommunications Committee (18 yrs)
- Former Member of Fire Station Building Committee
- Former Member of Comprehensive Planning Committee
- Former Member of Government Study Committee

Current service to the community-at-large includes Founder & 45-year Director of the 55-member Auburn Community Concert Band.
